

ECONO-DROP

FEEDING SYSTEM

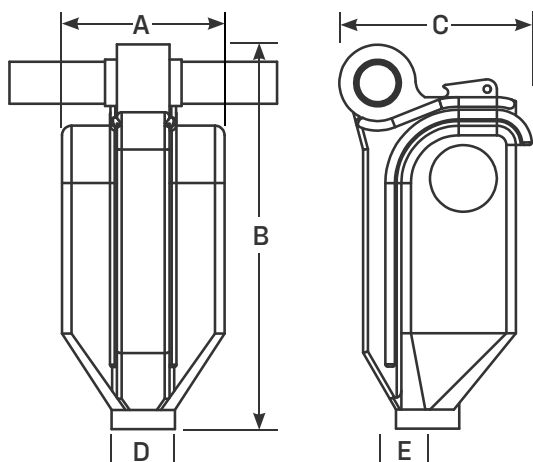

UNLOCK BETTER PERFORMANCE

RELIABLE PERFORMANCE, **SIMPLE ADJUSTMENT**

The Econo-Drop Feeder features a simple front mounted adjustment, individual slide shutoff, and translucent body for visual confirmation of feed level.

- Precise, one-handed feed adjustment slide ranges from 1.5 lbs. to 12 lbs. (.68kg to 5.44 kg).
- Manual or fully automated system operation.
- Steep hopper slope for reliable feed flow.
- Conveniently located slide shut-off.
- Weighted ball valve securely closes the feeder and ensures feed flow when open.
- Compatible with ChainDisk, M200, M300 and M350 Flex-Flo™ feed delivery systems.
- All plastic construction with stainless steel hardware.
